### Dear SHEP Friends,

Welcome to the first newsletter of 2026 and on behalf of my colleagues on the Management Committee may I take this opportunity to wish you all a very happy new year. The last few months in Shep have been positive, busy and vibrant with so much happening right across the project but this has been tinged with sadness as we remember some of our dear friends from the Shep community who have sadly passed away. We remember George Wallace, long time trainer with Shep (see piece below), Stella Gallagher, a committed and loyal member of the Shep choir and Margaret Reid, also, a long-time trainer who died earlier in the year. May their kind and beautiful souls rest in peace.

As we start a new year we are filled with hope and excitement. We are all deeply grateful to the many people and organisations who make SHEP's work possible, including our funders, especially the HSE (South West); Cork ETB; and Irish Aid. We are also so appreciative of the on-going support of our dear friends Perrie and Sandy Massie. For the year ahead, our priorities include responding as best we can to emerging needs in the community, continuing to modernise the Project, and building capacity so that the Project will be strong and effective into the future.

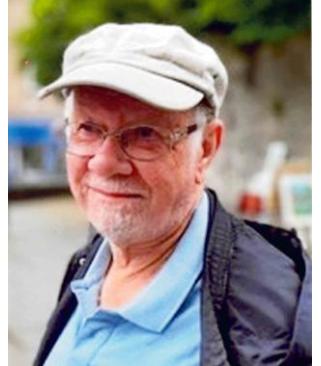

Wishing each and every one of you peace in your hearts and every blessing for 2026.  
**Dolores McCashin, Chairperson (SHEP)**

## Memorial for George Wallace

We are all very saddened by the passing of George Wallace and we send our deepest condolences to Cora and all George's family and friends. He is greatly missed by his many colleagues and friends in SHEP. George was deeply involved with SHEP for many, many years and he made a big impact on the lives of many people through his facilitation work. To his work he brought passion, commitment, great skill and perhaps most of all a remarkable capacity to be real with people. People loved him for his insightfulness, incisiveness, good-heartedness and sincerity. He supported the SHEP work generously in many roles. A special gathering in to honour George and to acknowledge this huge contribution to the SHEP Project will take place on Friday, February 20<sup>th</sup>.

# OTHER NEWS

## The SHEP Advocacy Report on Decongregation (2025)

We were delighted to have a soft launch of this important SHEP report. This report documents seven years of independent advocacy by the SHEP Independent Advocacy Service (SIAS) supporting a group of women through the closure of a long-term institutional residence in Cork. Following a 2016 HIQA finding of serious non-compliance and financial irregularities, SIAS worked alongside the women to ensure their voices, rights, and choices were central to the decongregation process. Advocates built trust and addressed systemic issues including financial abuse, poor living conditions, and systemic challenges. The women developed a Charter of Rights and were empowered to self-advocate during their transition to community living, completed in December 2023. The report highlights the vital role of independent, adequately funded, advocacy plays in safeguarding rights and influencing cultural change. A formal launch of the document will take place at the Independent Advocacy Event in UCC in March.

## Parent-Child Attachment Play for Parents and Carers

Building strong, nurturing relationships between parents and children is the cornerstone of healthy family dynamics. The Parent-Child Attachment Play (PCAP) programme is a wonderful initiative designed to empower parents and carers with tools to deepen their connection with their children. As an offering to support challenged parents in our community, our Coisceim Counselling Programme, with the generous support of TUSLA, piloted this 10 week programme to parents of children aged 5 to 12 years during October-December 2025. Led by two experienced play therapists, Elaine Breen and Donna Jordan, the aim of PCAP is to create a foundation for meaningful and lasting change in familial relationships through integrating reflective functioning, child-led play, and containment. The programme was a great success.

## Mercy Fund

We wish to extend our heartfelt thanks to the Mercy Solidarity Fund who once again have provided financial support to the SHEP training programme. This round of funding is supporting the delivery of two Reflective Practice programmes for Practitioners.

Jim Sheehan, at the Presentation of Awards Ceremony in Brussels in December, with Aoife Houlihan (Kinsale Community School) and Clodagh O'Gorman (Deansrath CC) who won the Secondary Schools and VET national prizes respectively.

Also included (second from left) is Claire O'Neill, representing La Specia Adult Education Programme, which won the Italian (Adult Education) Award. The awards were presented by Commission Vice-President Rozana Minzatu.
